

# Going to the dentist during COVID-19 pandemic

Poem by Amanda Sharma & Ajit Tandy  
Illustrations by Tse Yan Choi

If you go to the dentist today,  
be sure of a big surprise.

For you will see a superhero  
before your very eyes.

They cannot fly or lift a car  
but the special thing they do

Is wear some magic clothes and masks  
to help protect all of you.

A big blue cape, some rubber gloves  
and masks up to their eyes.

Don't be afraid of what you see,  
remember this is their disguise

The germs don't like the magic clothes,  
so it helps keep them away

So you don't get sick or poorly  
and you can still have fun and play.

So now you know the secret of the special thing they do.

Superheroes at the dentist and they have helped look after you.
